STUDENT NUMBERS

The Registry begs leave to publish the following information on student numbers:

Notes:

(a) The headings 'undergraduate/postgraduate', 'Arts/Science', 'Full-time/Not Full-time' in these tables have the sense used for statistics by the Higher Education Funding Council for England (HEFCE) (unless otherwise stated). A complete list of courses designated 'undergraduate' or 'postgraduate' is shown in Table 9. The division of Faculties and Departments between Arts and Science is shown in the Appendix. Students are classified as 'Not Full-time' if they are undertaking a Part-time course, or have completed the minimum requirements of their course and are not intermitting or under examination.

(b) Further information on the method of calculating full-time equivalent student *load* may be obtained from Student Records and Statistics, 10 Peas Hill, Cambridge (e-mail: student.records@admin.cam.ac.uk).

(c) Unless otherwise stated, these figures reflect the position at 31 December of the academical year concerned up to 1993-94. From 1994-95 the position is at 1 December.

Notes:

* From 1982–83 the courses in Development Studies were discontinued. Previously about 25 students on the course, who paid no University Composition Fees, were classified as Overseas 'Arts' Students and included in the postgraduate numbers.

† From 1994–95 Full-time students were as defined by HEFCE. Previously the UGC/UFC definition had been used.
From 1980–90 'Other' refers to the pre-1980 rate of overseas fees. Thereafter it refers to any fee not otherwise specified.

¹ This column represents the overall assumed number of registrations or load for the academic year 1999–2000 taking into account wastage and registrations after 1 December.

² UG - Undergraduates, PGT - Postgraduates Taught, PGR - Postgraduates Research.

³ Students funded through Homerton College, of which there were 416 Home and 3 Islands/Overseas B.Ed. candidates, 69 Home and 4 Overseas BA candidates, and 448 Home and 7 Overseas PGCE candidates, are excluded from this table.

⁴ 3rd Year Clinical Medical Students who are in residence for only one term have to be returned as part-time in accordance with HEFCE rules, whereas they were counted as full-time in all other statistics.

⁵ Courses are classified as 'long' if students are normally required to attend for 45 weeks or more within the year.

⁶ Allocation of students to Price Groups. Students are allocated to Faculties and Departments according to an agreed formula. Faculties and Departments are allocated to Cost Centres in accordance with instructions provided by HEFCE. Cost Centres are then allocated to the various Price Groups in accordance with HEFCE rules.

Notes: (a) These figures were compiled as at the division of the Michaelmas Term.

(b) At Cambridge the Tripos courses in Chemical Engineering, Electrical and Information Sciences, History of Art, Linguistics, Management Studies, and Manufacturing Engineering, can be taken by undergraduates who have passed a part of another Tripos at the end of their first or second year. However, Affiliated Students are an exception to this rule. The table therefore shows a few such students reading these courses. These students represent only a very small part of the numbers reading these Tripos courses each year.

(c) This table includes Undergraduate and Affiliated Students according to the Cambridge definition, i.e. B.A., B.Th. and B.Ed students only.

NOTES TO TABLES 20–26

1. These statistics *exclude*

Candidates who took examinations as candidates ‘not for Honours’ (with the exception of Part III of the Mathematical Tripos) and candidates who have received allowances made by the Applications Committee of the Council.

2. In Part III of the Mathematical Tripos, Part II of the Manufacturing Engineering Tripos, Part II of the Electrical and Information Sciences Tripos, and Part IIB of the Engineering Tripos a pass with distinction or merit has been counted as Class I, a pass as Class II, division 1. In the case of Part II of the Mathematical Tripos this applies whether or not the candidate is a candidate for Honours.

3. The class obtained in each language by candidates entered for two languages for Part IA of the Modern and Medieval Languages Tripos has been counted as half a class.

4. The heading Other includes (but does not differentiate between):

(i) Candidates who failed their examinations.

(ii) Honours candidates who have received an allowance from the Examiners (but *not* the Council - see 1 above).

(iii) Candidates about whom an application has been submitted to the Applications Committee but who had not received an allowance before these statistics were produced.

Notes:

(a) * The introduction of Part IA of the Natural Sciences Tripos and of the Medical Sciences Tripos in 1966 accounts for the large increase in the undivided Second Class. Conversely, the division of the Second Class of the Mathematics Tripos in 1995 led to a substantial decrease.

(b) † Candidates who were taking examinations as candidates ‘not for Honours’ and candidates receiving allowances from the Applications Committee of the Council were excluded from the 1972 statistics (and thereafter) although they had been included in previous years. Candidates for the LL.B. Examination were included in 1972 for the first time, but the LL.M. Examination was excluded from 1999. Candidates for the B.Ed. Degree were excluded from the statistics for the years 1972–79 inclusive, but, with the introduction of the Education Tripos, have been included from 1980.
