Lectures proposed by the Board of the Faculty of Clinical Medicine

The lectures and courses of practical instruction in Anatomy, Biochemistry, Medical Genetics, Medical Sociology, Medical Statistics, Neurobiology, Psychology, Pathology, Pharmacology, Physiology and Reproductive Biology prescribed for students who intend to take, or seek exemption from, the Second M.B. Examination will be found in the list of lectures announced for these subjects in the Medical Sciences Tripos or Natural Sciences Tripos by the Faculty Board of Biology.

For lectures in Veterinary Medicine proposed by the Faculty of Clinical Veterinary Medicine see p. 237. Clinical medical students may attend ward-rounds and clinics in accordance with the programme arranged for them individually and published by the Clinical Dean, or by special arrangements approved by him. Members of the Hospital and University and Scientific Staffs may attend the ward-rounds and clinics listed in Section I by arrangement with the Head of Department concerned.

The courses listed in Section II shall be open to clinical medical students for whom they are primarily intended. Attendance will be by arrangement with the Clinical Dean.

All sessions will be held at Addenbrooke's Hospital, Hills Road, Cambridge except where stated.
