Elections to the Council, the Board of Scrutiny, and the Committee of Management of the University Combination Room

1 October 2014

Council of the University

The Vice-Chancellor gives notice that an election is to be held of eight persons to serve as members of the Council for four years from 1 January 2015. Members are to be elected in the following classes (see Statute A IV 2, *New Statutes and Special Ordinances supplement*, p. 3):

- (a) two from among the Heads of Colleges;
- (b) two from among the Professors and Readers;
- (c) four from among the other members of the Regent House.

The Council is the principal executive and policy-making body of the University. It has general responsibility for the administration of the University, for defining its mission, for the planning of its work, and for the management of its resources. The Council deals with relations between the University and the Colleges, and conducts negotiations with outside bodies on many matters (other than those relating directly to the educational and research programmes of the University, which are dealt with on its behalf by the General Board of the Faculties). It is responsible for the appointment or nomination of certain members of internal and external bodies, and for many student matters (excluding the selection of entrants, which is a College concern). Further information about the Council is available to members of the University on the Council website (<https://www.governance.cam.ac.uk/committees/council/>). Questions about its work can be addressed to the Registry by emailing registry@admin.cam.ac.uk.

Duties and responsibilities of Council members

Council membership offers a particularly rewarding and demanding experience. The University is both an exempt charity,¹ and a corporation established by common law. As such, Council members are both charity trustees of the University and, effectively, its corporate directors. They have associated legal responsibilities and duties, and are required to promote the interests of the University and act with integrity, care, and prudence.

It is strongly recommended that those considering standing for nomination review the Handbook for Members of the Council, which sets out the Council's primary responsibilities. Section 4 of the Handbook provides advice and guidance to members of Council on their legal and other responsibilities. The Handbook is available to members of the University to download from the bottom of the Council web page at <https://www.governance.cam.ac.uk/committees/council/handbook/>. Potential nominees might also wish to familiarize themselves with the key aspects of the University's *Statutes and Ordinances* (<http://www.admin.cam.ac.uk/univ/so/>), the most recent Budget and Allocations Report (*Reporter*, 6347, 2013–14, p. 539), and the University's Annual Report and Financial Statements (*Reporter*, 6329, 2013–14, p. 158).

Further useful information is provided by HEFCE (<http://www.hefce.ac.uk/whatwedo/reg/charityreg/goodpracticeguidanceforinstitutionsascharities/>), and the Charity Commission (<http://www.charitycommission.gov.uk/Publications/cc3.aspx>). This information includes details of the extent of a charity trustee's personal liability. Instances of personal liability are rare and unlikely to occur, providing trustees act honestly, prudently, in good faith, and in the best interests of the University, and in compliance with legislation and the University's governing documents. Nonetheless, it is important for nominees to recognize and accept the obligations that Council membership would confer upon them.

Board of Scrutiny

Further to the Notice published on 25 June 2014 (*Reporter*, 6353, 2013–14, p. 647) and following the approval of Grace 3 of 25 June 2014, there shall be an election for one member of the Board of Scrutiny in class (c)(i) to serve with immediate effect until 30 September 2015, which will be held in November 2014 at the same time as the biennial election to the Council.

Committee of Management of the University Combination Room

The Vice-Chancellor gives notice that an election of four members of the Regent House in class (b) to serve on the Committee of Management of the University Combination Room for four years from 1 January 2015 (*Statutes and Ordinances*, 2013, p. 144) will be held in November 2014 at the same time as the biennial election to the Council. The electors will be those whose names appear on the Roll of the Regent House which is due to be promulgated on 6 November 2014.

Nomination procedure and election timetable

The nomination procedure and election timetable for the elections to the Council, the Board of Scrutiny, and the Committee of Management of the University Combination Room is as follows.

In order to be eligible, a candidate for election in each case must be nominated on a paper sent to the Vice-Chancellor at the Old Schools so as to be received not later than **noon on Friday, 7 November 2014**. The nomination paper must contain (a) a statement signed by two members of the Regent House, nominating the candidate for election and specifying the class in which he or she is nominated, and (b) a statement signed by the candidate certifying that he or she consents to be so nominated. Forms to facilitate the nomination process are available on the governance website (see <https://www.governance.cam.ac.uk/Pages/news/Elections-MT-2014.aspx>). The candidate is also required to provide a statement of her or his *curriculum vitae* by the same date (see below). No one may be nominated for election in more than one class. The Council has agreed to make known its view that two periods of four years should normally be regarded as the maximum length of continuous service for elected members.

The Vice-Chancellor would be obliged if nominations could be delivered to the Registry in the Old Schools during office hours. Nominations will be published on the Senate-House Noticeboard as they are received; the complete list of nominations will be published in the *Reporter* on **Wednesday, 12 November 2014**.

In accordance with the regulations governing the election (*Statutes and Ordinances*, 2013, p. 110), each person nominated for election is required to send to the Registry, not later than noon on Friday, 7 November, a statement of her or his *curriculum vitae* for distribution to members of the Regent House with the voting papers. It is suggested that such a statement should be of not more than 500 words in length, and that it should cover the following points:

- the candidate's present position in the University;
- previous posts held, whether in Cambridge or in other universities or outside the university system, with dates;
- a note of the candidate's particular interests within the field of University business.

The election will be conducted by postal ballot, under the Single Transferable Vote regulations. Voting papers will be distributed, together with the statements provided by candidates, not later than Monday, 17 November 2014. The last date for the return of voting papers will be **Thursday, 27 November 2014**.

¹ The University has charitable status but is exempt from the statutory requirement which otherwise obliges a charity to register with the Charity Commission. HEFCE is the principal regulator of the University as regards its compliance with its legal obligations in exercising control and management of its administration as a charity.

Appointment to three offices of Pro-Vice-Chancellor

29 September 2014

The Council wishes to make appointments to three Pro-Vice-Chancellorships, one of which will be tenable from 1 October 2015 (*vice* Professor Jeremy Sanders), and two of which will be tenable from 1 January 2016 (*vice* Dr Jennifer Barnes and Professor Lynn Gladden). The Council expects to make these appointments at its meeting on 15 December 2014. All three offices would be tenable for three years in the first instance. The Council will be advised by a Nominating Committee chaired by the Vice-Chancellor and with the following members: Professor Martin Daunton, Dr David Good, Professor Frank Kelly, Professor Robert Kennicutt, and Professor Dame Shirley Pearce.

Role of the Pro-Vice-Chancellors

The general role of the Pro-Vice-Chancellors is to take forward strategy and policy development and to support the Vice-Chancellor in providing institutional leadership to the University, particularly in their areas of responsibility. The Pro-Vice-Chancellors work closely with the Heads of Schools, the Registry, and his senior colleagues. Pro-Vice-Chancellors are normally appointed from academic officers respected by the University.

The University has five Pro-Vice-Chancellors with the following portfolios:

- Planning and Resources (Professor Steve Young, to be succeeded by Professor Duncan Maskell on 1 August 2015)
- Education (Professor Graham Virgo)
- Research (Professor Lynn Gladden)
- Institutional Affairs (Professor Jeremy Sanders)
- International Strategy (Dr Jennifer Barnes)

Professor Young is the current Senior Pro-Vice-Chancellor, the senior member of the team of Pro-Vice-Chancellors with the duties of leading and co-ordinating their work. Professor Maskell will succeed Professor Young as the Senior Pro-Vice-Chancellor when he takes up office on 1 August 2015 and will be involved in the current appointments.

The Council has agreed that the needs of the University will be best met in the next period by reinforcing leadership in the research portfolio – which is characterized by a demanding and broad set of responsibilities – by a shift in focus of the duties of the office currently held by the Pro-Vice-Chancellor for International Strategy. More generally, the Council has emphasized the need for flexibility in how elements within individual portfolios are initially allocated around the key strategic leadership areas that currently characterize the Pro-Vice-Chancellorships. The Council is also conscious that a new Vice-Chancellor will take up office on 1 October 2017 on the expiry of the permitted term of the current Vice-Chancellor. The Council will expect the team of Pro-Vice-Chancellors to ensure a smooth transition of responsibilities between Vice-Chancellors and ensure that institutional leadership is maintained during this period.

The Council is seeking individuals from within the University to fill the three offices who can provide institutional leadership in strategy and policy in the following key areas:

- Human Resources (including personal and professional development and equality and diversity)
- Research
- Local and Regional Relationships
- Environmental Sustainability
- Museums and Collections

A principal focus for one of the Pro-Vice-Chancellorships will be Human Resources and the University's ambitions for the development of its staff. For another, research will be the principal responsibility but it is likely that the Council will wish to share this responsibility between two of the individuals appointed so that its breadth, which encompasses internal and UK-facing strategy and funding questions, European and international dimensions and partnerships, strategic corporate relationships, and enterprise, including Cambridge Enterprise, can be appropriately covered. The University's growing international strategic activity is principally focused on establishing research partnerships, where much of the activity will increasingly be carried out overseas. The need to foster and manage the University's international ambitions will characterize much of the work of the senior leadership team in the next period and will inflect the responsibilities of all of the Pro-Vice-Chancellors.

With respect to the other responsibilities listed, the division of them within the team will depend on discussions with those appointed to the Pro-Vice-Chancellorships, taking into account their interests, expertise, and overall workload. The Council will wish to appoint individuals to a team who are flexible in their approach and, under the leadership of the Senior Pro-Vice-Chancellor, can adapt as priorities arise and strategic priorities evolve.

Terms of appointment

The Pro-Vice-Chancellors will be appointed for 80% of full time. The stipend payable for the office of Pro-Vice-Chancellor is point 87 of the single salary scale: £118,091 (as at 1 August 2014) *pro rata*.

Expressions of interest and further information

The Nominating Committee welcomes expressions of interest by and suggestions of suitable persons who hold a senior post in the University or a College and have extensive experience in higher education and a demonstrable interest and significant experience in the strategic and policy areas listed above.

Expressions of interest and suggestions should be communicated to the Vice-Chancellor, University Offices, The Old Schools, Cambridge, CB2 1TN, **by Friday, 31 October 2014**, from whom a fuller description of the roles may also be requested. The Vice-Chancellor, Professor Steve Young, Professor Duncan Maskell (the Senior Pro-Vice-Chancellor-designate), and the Registry may also be consulted for further information.

University Race Equality Champion and the InterConnect Action Plan

Professor Roel Sterckx (Faculty of Asian and Middle Eastern Studies) has been appointed the University Race Equality Champion until 30 September 2017.

As part of its commitment to equality of opportunity,¹ the University has launched InterConnect, an initiative that focuses on race equality and cultural inclusion for Black, Asian, Chinese, Mixed Heritage, and White Other ethnic groups. An InterConnect Action Plan 2014–17² has been agreed by the Human Resources Committee. The delivery of the Action Plan will be overseen by the InterConnect Working Group, which includes representation from the World In Cambridge Network³ (formerly the Black and Minority Ethnic Staff Network), the UAS, the Office of Postdoctoral Affairs, the Schools, the Colleges, and the Trade Unions. The Working Group, chaired by the University's Race Equality Champion, reports to the University's Equality and Diversity Committee.⁴

For the above examinations the following calculators marked in the approved manner are permitted:

CASIO fx 991 (any version)
 CASIO fx 115 (any version)
 CASIO fx 570 (any version)

(1) Land Economy Tripos and M.Phil. Examinations

The permitted calculators for use in the Land Economy Tripos and M.Phil. Examinations will be the standard University calculator CASIO fx 991 (any version), CASIO fx 115 (any version), or CASIO fx 570 (any version); or the Hewlett Packard HP 10BII. Candidates may take only one model of calculator into the examination hall.

(2) Master of Finance Examinations

The permitted calculators for use in the Master of Finance Examinations will be the standard University calculator CASIO fx 991 (any version), CASIO fx 115 (any version), or CASIO fx 570 (any version); or the Texas Instruments BA II Plus or the Texas Instruments BA II Plus Professional. Candidates may take only one model of calculator into the examination hall.

**(3) Preliminary Examination for Part I of the Education Tripos
 Education Tripos Parts I and II**

Candidates taking papers from the Natural Sciences Tripos will be permitted to use the calculator permitted for that examination (see above).

(4) Mathematical Tripos

The use of electronic calculators will NOT be permitted in any papers set for the Mathematical Tripos. Candidates for Part IA of the Mathematical Tripos who offer a paper from the Natural Sciences Tripos will be permitted to use the calculator permitted for that examination (see above).

(5) Medical and Veterinary Sciences Tripos (MVST), Parts IA and IB

The permitted calculators for use in the MVST Tripos and Second M.B. Examinations will be the standard University calculator CASIO fx 991 (any version), CASIO fx 115 (any version), or CASIO fx 570 (any version), or the CASIO fx 83 (any version) or CASIO fx 85 (any version).

(6) Geography Tripos, Parts IA, IB, and II

The permitted calculators for use in the Geography Tripos will be the standard University calculator CASIO fx 991 (any version), CASIO fx 115 (any version), or CASIO fx 570 (any version), or the CASIO fx 83S or CASIO fx 85S.

(7) Other subjects

Papers from the examinations named above may be taken by those who are candidates for other examinations. The restriction on the use of calculators will apply when any paper or subject is offered from an examination which is the subject of this Notice.

It is the responsibility of each student to equip themselves with a suitable calculator as described.

Each such calculator permitted in an examination must be marked by the Department in the approved fashion so that they are clearly identified as being permitted during the examination.

No other calculator may be brought into the examination.

Sale of approved calculators

Approved calculators, marked in the approved fashion, will be on sale from:

Computer Laboratory, William Gates Building (Computer Science Tripos)
 Department of Chemistry (Natural Sciences Tripos)
 Faculty of Economics
 Department of Engineering (Engineering Examinations)
 Department of Land Economy (Land Economy Tripos and M.Phil.) – HP10BII only
 Department of Physiology, Development, and Neuroscience (MVST)
 Department of Physics, Bragg Building (Natural Sciences Tripos)

Approved calculators bought elsewhere will need to have the approved marking applied by the Department.

Engineering Tripos, Parts IIA and IIB, 2014–15, Modules, Areas, and Sets: Amendment

The Faculty Board of Engineering give notice of an amendment to the Notice that was published on 29 May 2014 (*Reporter*, 6349, 2013–14, p. 597). The Part IIB module Molecular Modelling (4G5) is in Set IIBM14 (and not IIBM3 as previously advertised).

The relevant table entries should therefore read as follows:

PART IIB: MODULES

| Unit | Title | Set | Mode | Notes |
|--------------------------------|---------------------|--------|------|-------|
| <i>Group G: Bioengineering</i> | | | | |
| 4G5 | Molecular modelling | IIBM14 | c | |

PART IIB: SETS

Michaelmas

| Set | Unit | Title | Mode | Notes |
|--------|------|---------------------------|------|-------|
| IIBM14 | 4G5 | Molecular modelling | c | |
| | 4M17 | Practical optimization | c | |
| | 4M19 | Advanced building physics | c | |

Note:

c = Course-work

Examination in Archaeology for the M.Phil. Degree, 2014–15: Amendment

The Degree Committee for the Faculty of Human, Social, and Political Science give notice of an amendment to the offered modules for the Examinations in Archaeology for the M.Phil. Degree, 2014–15 (*Reporter*, 6356, 2013–14, p. 786). Module G11: Material culture will now be assessed by two 4,000-word essays (50% each), not by an examination and essay as previously published. The Degree Committee confirm that no student's preparation for the examination will be affected by the change.

REPORTS**Second-stage Report of the Council on the replacement and rationalization of facilities covered by the University's Home Office Establishment Licence**

The COUNCIL begs leave to report to the University as follows:

1. A First-stage Report on the commencement of a planned strategy to replace and rationalize facilities covered by the University's Home Office Establishment Licence was submitted to the Regent House on 24 April 2014 (*Reporter*, 6344, 2013–14, p. 469) and approved by Grace 2 of 4 June 2014. This Second-stage Report is to update the Regent House on further development of the scheme and to seek approval for the construction of two of the three planned facilities. A Second-stage Report concerning the third facility will be published in due course.

2. As stated in the First-stage Report, the new facilities will enhance provision of state-of-the-art levels of animal welfare allowing more opportunities for refinement, reduction, and replacement (known as the 3Rs). There is a strong scientific, financial, and ethical case for rationalizing the existing facilities into a smaller number of units. The work that will be undertaken in these facilities underpins much of the research activity of the Schools of the Biological Sciences and Clinical Medicine, and contributes to more than half of the University's strategic research initiatives.

3. The Council now proposes that construction of the first two facilities should proceed. The cost of the facilities is estimated at £17m and £32m respectively. These costs are based on the assumption that construction will take place from early 2015 with all works completed on the first facility in mid 2016 and the second in December 2017. The costs are consistent with the intention to expend no more than £150 million on the programme as a whole.

4. All of the works have been designed to reduce carbon utilization to a minimum. Renewable sources of energy will account for at least 10% of the energy used in the facility, and this will be achieved via methods such as the use of photo-voltaics and combined heat and power systems. These measures, together with the operational efficiencies which can be achieved in modern facilities, mean that the recurrent costs of these facilities are expected

8. The Council recommends:

I. That approval is confirmed for the construction of the two facilities proposed in this Report.

II. That the Pro-Vice-Chancellor (Planning and Resources) be authorized to accept a tender for the works, within the available funding, in due course.

to be lower than those of the facilities which they are replacing. Recurrent costs will be met in full by the bodies which fund the research in the facility.

5. A concept paper for the two facilities was approved by the Planning and Resources Committee on 4 December 2013. The full case for the first facility was approved by the Planning and Resources Committee at its meeting on 25 June 2014. The full case for the second facility was approved by Chair's action on 30 September 2014.

6. The first planning applications were submitted in August 2014.

7. The facilities will be constructed on sites which are currently in use for similar activities by the two Schools concerned. Drawings of the proposed scheme are displayed for the information of the University in the Schools Arcade.
