### University salaries and stipends

22 August 2017

The Universities and Colleges Employers Association (UCEA) has confirmed the terms of the pay settlement from 1 August 2017. The settlement provides for a 1.7% increase to the salaries of non-clinical staff on all spine points, except spine points 11 to 28 where the increases will be as follows:

Points 11 to 14	2.43% increase	Point 22	2.04% increase
Point 15	2.37% increase	Point 23	1.98% increase
Point 16	2.33% increase	Point 24	1.93% increase
Point 17	2.29% increase	Point 25	1.87% increase
Point 18	2.24% increase	Point 26	1.82% increase
Point 19	2.19% increase	Point 27	1.77% increase
Point 20	2.15% increase	Point 28	1.72% increase
Point 21	2.10% increase		

The Council and the General Board have agreed that an increase on the basis set out above should be made in all relevant stipends and salaries with effect from 1 August 2017.

The stipends and salaries of certain University staff require the approval of the Regent House. The Council is accordingly submitting a Grace (Grace 1, p. 828) to the Regent House for the approval of an increase of 1.7% to 2.43% (as specified above) in these stipends and salaries. An updated Cambridge general stipend and salary scale, showing the proposed new stipends and salaries for each grade, is set out in the Schedule to this Notice. This indicates those points which are the 50 points of the national single spine and those points, above and below, which are extensions to the spine in Cambridge. Changes will also be applied to those associated payments directly linked to a single spine stipend/salary point.

Subject to the approval of this Grace, the corresponding increases will be implemented in the stipends of those offices which do not require the approval of the University as well as in the salaries of analogous unestablished staff. In the case of contract research staff and other staff supported on non-central funds, payment of the increase will be conditional on funds being available to meet the cost of the increase from the relevant funding source.

It is expected that, if the Grace is approved, the increases will be paid to staff in the September 2017 payroll.
