**UIS maintenance weekends: 2020–2023**

University Information Services (UIS) wishes to notify the University of weekends over the next three academic years that may be used by UIS to conduct major IT maintenance works. This follows an exercise, in consultation with the Information Services Committee's Operations Committee and Business Systems Sub-Committee, to identify periods across the year when major works will cause the least disruption to wider University business.

The following weekends (from 6 p.m. on Friday until 9 a.m. on Monday, although the full period will rarely be required) have been identified as having the least impact and are therefore being reserved for potential major works.

Academic year		
2020–21	2021–22	2022–23
18–21 September	17–20 September	16–19 September
8–11 January	7–10 January	13–16 January
26–29 March	25–28 March	31 March–3 April
2–5 July	1–4 July	7–10 July

Where these weekends are used for major works, the schedules will be advertised on the UIS Service Information web pages and via the UIS announcement channels well in advance (<https://help.uis.cam.ac.uk/news/>). If you have any queries, please contact your UIS Relationship Manager (<https://www.uis.cam.ac.uk/about-us/rm>).
